Special Forces Association Chapter 88 is a non-profit 501(c)(19) veteran service organization in Northeast Florida serving the greater Jacksonville area. One of our primary missions is to promote and support the general welfare of the U.S. Army Special Forces community, active, retired and veteran. Our annual charity fundraiser helps provides financial assistance to eligible members, spouses, children and grand-children in times of natural and unexpected disasters. We also award scholarship funds to graduating area high school JROTC seniors, and to support other area veterans and 501(c) support service organizations.

One of the Jacksonville area's best golf tournaments by far!
